

AEC Europe – Press Release, July 12, 2016 – Munich, Germany.

AEC informs of Safety Recalls

As an authorized importer of Dodge and RAM vehicles in Europe, AEC regards the safety and security of its customers as highest priority and is fully committed to distributing reliable and durable vehicles.

In order to accomplish this goal, AEC ensures that the owners of the vehicles imported by AEC and distributed through its dealer network are notified of any manufacturer safety recalls that the vehicles might be affected by and directed to the nearest service point.

In addition to the direct owner notifications, AEC has recently introduced an owners' section on its product website that allows the drivers to retrieve recall information by typing in the vehicle identification number. Alternatively, AEC offers a multi-lingual recall hotline operated by its customer service department that assists European Dodge and RAM vehicle owners with relevant information regarding manufacturer safety recalls.
